COMMISSION ACTION LETTER - PAGE 2  
WESTERN UNIVERSITY OF HEALTH SCIENCES  
JULY 3, 2001

The Commission endorses the findings of the visiting team and urges that be given

serious consideration and action where appropriate by the University. The Commission wishes to highlight several issues:

**Faculty Professional Development and Faculty Workload Policy: Issues**

regarding faculty workload identified in the Commission's action letter of March 11, 1996 appear not to be fully resolved. All of the programs offered at the graduate level require faculty to keep abreast of developments in their fields, and engage in research/scholarly activity. Support for such efforts is vital for monitoring both the

effectiveness of faculty and to advance the professions served by WUHS. The Commission is concerned about the ambiguity surrounding the institutional
